

FISM[™]
EUROPE

Welcome from the President of FISM Europe

Dear Presidents of the FISM Europe Associations
Dear European Magicians,

FISM Europe is a Continental Division of the Fédération Internationale des Sociétés Magiques - FISM. Since FISM Europe was created, all the Board efforts have been directed towards building a platform to unify Magic societies across Europe; until now (and for the future as well) our commitment has been to enhance, promote and develop the Art of Magic on our Continent.

To achieve these goals, FISM Europe Board has worked to organize the FISM European Championships of Magic that is become the most important competition in Europe.

With 66 Associations in 28 countries, FISM Europe is the largest continental division of FISM International and is able of churning out FISM WCM Champions and Grand Prix.

The Past President John Pye (now Honorary President of FISM Europe) led FISM Europe in this direction and I want to follow in his footsteps with the new FISM Europe board members (Xavier Tapias, Priska Walther, Eberhard Riese, Christina Nyman) by improving our organization to support more and more FISM Europe Associations, enhance cooperation, develop opportunities to share experiences among teams, leading Magic towards the future.

In July 2024 the 5th European Championship of Magic will be held in St. Petersburg, Russia. We look forward to welcoming you there ...

Andrea Baioni
FISM Europe President
