FISM EUROPE PROJECTS IN PROGRESS

Through FISM EEB and the Consulting groups, we are working on several new projects and ideas. We would like to give you a preview of two projects that are in the development phase:

EMPOWERING WOMEN MAGICIANS AND YOUNG MAGICIANS

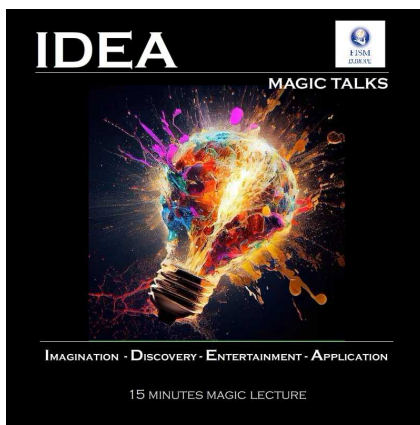

Find ways to help grow and strengthen the presence of female magicians in all facets of magic.

Also look for ways to help young magicians develop their exciting passion for magic.

We will report on both projects later. In the meantime, we invite you all, **especially young and female magicians** to let us know your ideas and suggestions to info@fism.eu

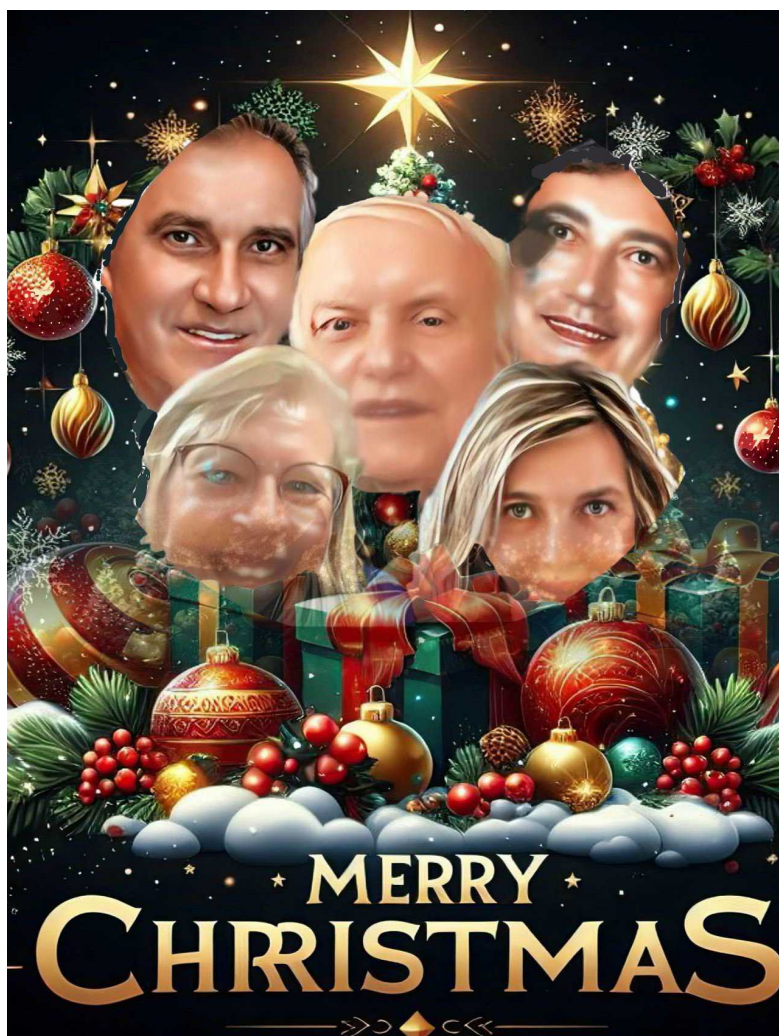

TED TALKS-STYLE SHORT-TERM CONFERENCE PROJECT

Through FISM Europe, we want to promote a type of conference that is entertaining, interesting and condensed, open to artists, thinkers, creatives and innovators from the magic world in general so that they can present their ideas in short talks in the style of the famous “TED TALKS” but with FISM’s own regulations and focused, obviously, on everything related to magic in order to promote and strengthen the cultural part of our art and give visibility to the entire “thinking” community of FISM.

FISM EEB AWAITS YOU AT THE UPCOMING EUROPEAN CONGRESSES AND FESTIVALS
